### Recruiting
- Summer Research Opportunity Program (SROP)
- Recruitment Funds
- Campus Visits for Prospective Students
- Strategic Recruitment Planning
Graduate Student Success (GSS) works in partnership with faculty and staff in programs and schools across the University to facilitate the academic success and enhance the quality of student life for all graduate students in order to promote an environment in which students can achieve their academic and personal goals.

We offer a continuum of innovative programs, services, activities, professional development, and social events that support graduate student academic achievement from the early recruitment stages, during the transition and adjustment to graduate school, through final placement.
