

Rackham Merit Fellowship (REA/RSA) Rackham Funds Faculty Transfer Request Form

Rackham Faculty Support Transfer

This is a two-time transfer to provide discretionary funding for the faculty research advisors to help offset the cost of working with students holding a Rackham Merit Fellowship (REA/RSA). Funds are to be used at the advisor's discretion in support of the student's research. The transfer typically occurs within the second and third academic year, but can be postponed to later years.

The purpose of this transfer is to encourage faculty to begin research with REA and RSA fellows early in the student's academic career and to help defray the cost of working with the student.

Graduate programs are expected to submit the completed and signed transfer request form to the Rackham Fellowships office by **December 31** to ensure a timely transfer of funds.

Student Name: _____

UMID#: _____ Graduate Program: _____

Term Entered Graduate Study: _____ Student Is In Good Standing: _____
